Roger Slapnicker
Vice President &
General Manager

Responsibilities

As Vice President and General Manager of Atlas Door and Hardware, Roger Slapnicker is responsible for oversight of sales, purchasing, and management of all operations including installation, service, scheduling and the fabrication shop. Roger's responsibilities also include vendor relationships and supervision of Atlas Door and Hardware's walk-in sales and service counter.

Roger joined Atlas Door and Hardware in 2012 and has 23 years of experience in all facets of the door and hardware industry. His professional career began in the wood and metal fabrication shops. With a solid technical foundation, Roger steadily assumed additional responsibilities as an installation and service crew leader, estimator, project manager and sales representative.

In 2017, Roger was named Vice President of Atlas Door and Hardware and added to the board of directors of Atlas's parent company, Construction Systems, Inc.

Clients appreciate Roger's comprehensive product and technical knowledge and his ability to take even the largest scale door and hardware projects seamlessly from design through installation. In 2012, Roger completed one of the largest door and hardware projects in central Ohio, the \$3.7 million door and hardware package for Nationwide Children's Hospital new \$780 million hospital.

Areas of Expertise

Roger's broad experience in operations, sales, and management ensures that even the most complex projects are completed accurately and efficiently. Expertise in welding, electrical hardware wiring, hardware installation, glass cutting, woodworking and locksmith techniques, allows Roger to effectively communicate with service crews, security consultants, designers and general contractors on complex projects. His knowledge of the submittals process including preparation of wiring diagrams, AIA billings and closeout documentation keeps projects on schedule and assures that every detail will be properly addressed.

Professional Affiliations
